Maria De La Cruz: Neighborhood associations are good to promote energy efficiency

Maria De La Cruz: I'm from Lawrence and educating my neighborhood association at least to change lightbulb

Maria De La Cruz: There is a need to hire people who already have passion for this topic

Maria De La Cruz: Gabe please give me a call 978-303-7243 thanks

Sean Farber: Can you give an example of a harmful third party contract?

JOSEPH CANTOR: Gabe what is the best contact point for your programs/website

Maria De La Cruz: Gabe don't you think the loans are too much for heating renewal and low income family cannot afford it?

Al Blake: Is All in energy planing any initiatives in western mass including the Berkshires

David Wasielewski: 600 customers is well beyond the size of most western mass communities.

Al Blake: Can you provide link to the 2 Eversource programs

Katherine Moses: Can communities that are participating in the Community First Partnership also apply for the Community Education Grant?

JOSEPH CANTOR: Ruth can you list the webinars in chat

Gabe Shapiro (he/him) - All In Energy: Hi Maria, that is a great point! Most measures, including HVAC upgrades are provided at no cost to income eligible households, so there is often no need for financing. The program also provides 0% financing for all income levels through the Heat Loan program.

Ruth Georges- Eversource: Mass Save Education Grant- Application has launched 6/20

Virtual Informational sessions in July

13th @ 6:00 P.M.

14TH @ 10:00 A.M.

Ruth Georges- Eversource: To clarify for the Community First Partnership program- you can set your goals and the range is 200-600 and the funding amount is based on the volume of residents you're seeking to engage

Anita Roy Dobbs: <https://www.masscec.com/about-masscec/news/baker-polito-administration-awards-22-million-innovative-projects-expand-access>

Brenna Robeson (she/her), M.A. Attorney General's Office: Gabe, if All in Energy works with consumers engaging with commercial solar companies for home or community solar products, are there any common issues that come up post-enrollment, in terms of savings, billing, or maintenance concerns?

Ruth Georges- Eversource: Communities who are partners in the CFP can apply for the Education Grant but priority will be given to towns who are not current partners

Lisa Dobbs (she/her) | MassCEC: thank you Anita for sharing the press release! (great last name by the way!) here is also a link to EmPower <https://www.masscec.com/empower-massachusetts>

Brenna Robeson (she/her), M.A. Attorney General's Office: Thanks!

Anita Roy Dobbs: Ruth, in your final slide I saw logos for (I think) all Massachusetts utilities, not just Eversource; is the Community First Program funded by utilities?

Erin Kempster: Thank you!
